Due to component availability, effective immediately MacLean Power Systems paint coated secondary line spacers are discontinued. This does not affect veil coated versions of secondary line spacers.

**Figure 1 – Secondary Line Spacer**

In place of paint, an alternate UV protective veil version is available for select configurations as shown in Table 1 below.

Current Catalog Number	Functional Equivalent Catalog Number
GSS-16C	GSS-16
GSS-20C	No Equivalent

**Table 1 – Part Cross Reference**
